Take control of your Learning

Learn when you want and around your schedule with this 12-month programme. But don't worry, our online training system, Peritus Improve, together with your own leadership guide will keep you on track. Your leadership guide is an experienced and qualified individual with business experience – they have been there and got the t-shirt which allows them to help you through your journey with us.

Learn new things

Whether you are new to leadership and management roles, want to achieve an internationally recognised qualification or to fine tune your skills our online learning will hit the mark. We assess your current skills using online game based assessments that provide a unique insight into your strengths and development areas. This is benchmarked against thousands of other professionals. Watch as you develop and grow throughout the programme.

Apply it

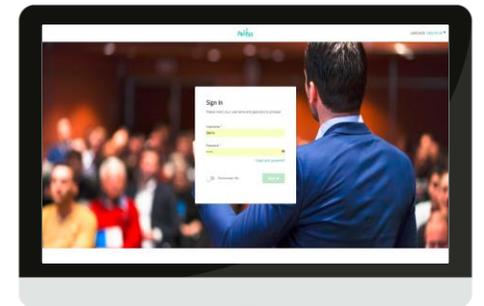

We don't want you to spend hours completing lengthy and repetitive written assignments or essays. Our assessment methods focus on what you have done. This is collected using practical examples on how you have applied what you have learnt and the impacts you have seen.

Learn at your pace

Being able to access your programme content 24/7 allows you to learn at your own pace. Re-visit the content as many times as you like throughout your course to help you when you need it most.

Meet like-minded Learners

One of the most valuable learning experiences is the sharing of information and advice from peers. This is why we provide you with access to exclusive online forums that allow you to do just that. Share challenges, achievements and ideas with like-minded learners from across all sectors. Online learning shouldn't mean learning alone!

What's Covered - ILM Level 3 Units

- Understanding Leadership
- Planning Change in the Workplace
- Training & Coaching

“I could see differences between the supervisors and managers who completed the course to the ones that didn't. Especially in leadership styles and developing and motivating others”

“Informative, relevant with adequate level of challenge. The extra learning enabled me to tailor my own learning and expand on the course content”

“I really enjoyed the programme. I can honestly say I have enjoyed it more than any other programme I have been on”
